WORK EXPERIENCE

Pawsitive Paws Dog Walking & Pet Sitting - Dog Walker

2022 – current

Richmond, VA

- Cared for 13+ dogs daily, ensuring their safety and well-being during each walk
- Accommodated clients' preferences and ensured dogs received exercise by delivering half-hour walks
- Provided care for 5 senior dogs with special needs, including using pet footwear for mobility
- **Maintained an 84% repeat client rate**, demonstrating trust established with pet owners

PROJECTS

H2O Filtration – Group Member

2021

- Designed water filtration system flow chart on Canva, **expediting project timeline by 27%**
- Improved the filtration efficiency of the prototype by 32% by implementing smart design tweaks
- Removed 77% more contaminants measured in Secchi disks that exceed prototype expectations
- Pitched to a local company by proving the capability to decrease filtration costs by a 36% margin

Hydroponics – Presenter

2020

- Performed Partial Budget analysis that established 54% less cost for hydroponics than soil-based farming
- Conducted Sensory Evaluations, which showed 37% more nutrients in hydroponically grown crops than in soil-grown crops
- **Saved 24% more water** in Hydroponics over conventional farming, gauged via Water Flow Meters
